

Swiss tailor-made skis

100% Made in Switzerland

ANAVON skis were created in Disentis, a skiing paradise in the heart of Graubünden. Precision crafted by expert designers from materials of the highest quality, ANAVON skis will help you conquer the slopes.

The KAIZEN Principles

Excellence through continuous improvement

Our manufacture process is based on the KAIZEN philosophy, built on continuously optimized processes and limited waste of resources. We pride ourselves in maintaining the highest standards for production quality. Through this, you are assured that ANAVON skis will meet your demands on the toughest slopes. Join us for a self-guided tour of our manufacturing facilities in Disentis to get a first-hand impression of our operations.

Sleek, dependable and fast

Our seven principles for success

- **1.** We find joy in our work and work together towards a common goal.
- **2.** We invest 10% of our working hours in focusing on improving processes.
- **3.** Everything we do must create value we do not waste resources, time or effort.
- 4. We produce what is needed and when it is needed.
- **5.** Continuous flow of information and material to ensure coordination across all processes.
- **6.** Just-In-time manufacturing works without interim storage and all processes are synchronized accordingly.
- We focus on optimized processes that can be replicated quickly, This allows us to consistently guarantee high quality products delivered as promised.

Your skis take center stage

Perfection, in just two days

We offer the unique experience of building your own skis in a two-day workshop with a small group of participants. Ride with our specialists on the slopes as they analyse your technique through video recordings. We will then define your individual parameters and you can build your own skis with the guidance of our expert team. Hit the slopes with your custom-designed skis on the second day for that indescribable feeling of satisfaction!

Carving as far as the eye can see

A ski that shapes you and is shaped by you

The 156 ASR is designed for both men and women who prefer tightly carved radii.

The 165 ASR is designed for those expecting an excellent riding performance and agility at higher speeds.

The ANAVON Slalom Race Edition (ASR)

134ASR, 143ASR, 156 ASR + 165 ASR

Order ANAVON skis according to your skiing style by configuring the model, length, flex and camber. Give it a personal touch by selecting the colour of your choice.

The skis support your skiing style: The asymmetrical geometry of the ski tips, the construction of the RealSandwichCore®-Technology and the ANAVON-specific base structure with the perfect grinding ensure an intense and optimal skiing experience.

Technical Specifications

Details	134 ASR	143 ASR	156 ASR	165 ASR
Ski tip	114 mm	114 mm	121 mm	123 mm
Ski centre	66 mm	66 mm	72 mm	73 mm
Ski tail	99 mm	99 mm	107 mm	108 mm
Radius	11 m	12 m	12.5 m	14 m

Construction

ANAVON RealSandwichCore®

Material

- Superstrong Nanohighspeed race base
- Special long-life steel edges
- UD carbon fibers
- Native ash wood
- Titanal
- Surface structure embossed on transparent foil, adhered over black or white colour

Highest performance on every slope

Variations in design to fit your needs

ANAVON skis have custom designs for men and women who desire playful skis for short and medium-long curves. The varied edge lengths (asymmetrical construction) define the skiing style based on which ski is worn on which foot.

155/160 ADP + 163/168 ADP

Thanks to the asymmetrical construction with two different edge lengths, the scope of application is broadened. The perfect companion for a more playful ride through various snow conditions.

ANAVOS skis will captivate you in more than just one way.

Technical Specifications

Details 1	155/160	ADP	Details	163/168	ADP
